

22 November 2024

Dear families,

### **Cycle 1 Reports and Consultations**

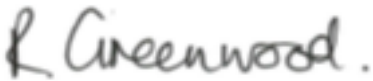

We have shared attainment reports for all children in Year 1 to Year 6 via MCAS and email today. The report gives an indication of your child's current attainment and provides an insight into the average grades for their cohort.

Children in Year 1 only have a writing grade as we do not begin formal testing until the Spring term for this year group.

There are no formal tests in Nursery or Reception at any point during the year. Teachers will describe how children have settled and are learning during consultation appointments.

**All parents and carers will have an opportunity to speak to the class teachers and discuss any reports further on Monday 25 November or Monday 2 December.** Appointments are now confirmed and times for appointments on Monday 25 November have been sent home via a slip in your child's book bag. Timings for Monday 2 December will be sent home early next week. We are aiming to speak to 100% of our parents - please do attend or be ready with your phone at your chosen time slot!

Yours sincerely,

**Mrs Rebecca Greenwood**  
**Principal**
